2009 MASTER TASKS

This year we've made the tasks relevant to every scrapper – we hope you enjoy creating them!

- Create a single layout dedicated to your greatest achievement in life.
- Scrap a double layout using more than five photos.
- Create a single page about anything you like, but here's the catch – it can't be a 12in x 12in layout. Think outside the square and create an innovatively-shaped page.
- Mystery project! Yes, that's right; we're leaving this one up to you. Show us what you made of in any way you see fit, just make sure it's a project that showcases your talent and abilities.
- Tell us about yourself! We want to know all about you in 250 words or less – why you started scrapbooking, your style, where you find inspiration, your favourite technique and anything else you'd like to share with your fellow scrapbookers. This may be printed if you become a Master so remember, the more you share, the better!

Note: The combined size of all projects must be NO BIGGER than an Australia Post Mailing Box with dimensions (430mm x 305mm x 140mm). Due to storage restrictions and postage costs, any entries bigger than this will not be considered.
